

A decorative border surrounds the text, featuring four stylized bees with black and yellow stripes and curly antennae. The bees are connected by a dashed line that forms a series of loops and swirls.

NALWO presents a lecture:

Laura Andersen
“The Life of a Honey Bee”

Wednesday, 9 September at 12 noon
Curia II

Laura's talk will cover the history of beekeeping,
bee behavior, and the different kinds of honey.

Refreshments will be served; please feel free to bring some snacks to share.

Because space is limited, please RSVP by 7 September to
NALWO@fnal.gov or to Susan Kayser 630-876-5998

Upcoming event:
Social Hour, 7 October
Users' Center, 5-7 PM
